

Quality Policy

Sentinel, in its activities, is committed to delivering value to the customer, whether with technology and equipment or with know-how and services. Sentinel will achieve this by including the following principles in all its operations:

- We shall consistently provide high quality, safe and effective services to ensure the satisfaction of customers and other stakeholders.
- We shall be committed to continuously improving the Quality Management System by measuring key performance indicators.
- We shall be operating with an effective Quality Management System that fulfils applicable regulatory requirements.
- We shall be committed to fulfilling the identified quality objectives.
- We shall create a solid quality culture through effective communication and participation by our entire team.
- We shall recognise the participation of all our staff by providing a safe working environment and the necessary training.

The Management,
